The shelf/mark is the number adjacent to the entry preceded by the word Crawford.
This page contains information about a philatelic journal named "Brazil Philatelic". It discusses various volumes, their dates, issuers, and contents. The journal appears to be a publication focused on collecting and philately, with mentions of stamps, covers, and other philatelic materials.

The page also contains a section labeled "BRICKER'S BULLETIN" and refers to "Bricker's Bulletin" with information about its contents and dates.

The overall context suggests a detailed history of philatelic publications in Brazil and elsewhere, with specific references to volume numbers, dates, and contributors.
