In this assignment you will perform a small collection of activities aimed at setting up the course development environment. YOU MUST COMPLETE THIS ASSIGNMENT BEFORE ATTENDING CLASS ON WEDNESDAY. Note that you will not receive a grade for this assignment.

1. Read the course syllabus in detail and familiarize yourself with the ethics and cheating standards. Note that any violation of these standards in the class will result in an ‘F’ grade and dismissal. Send me (mcdaniel@cse.psu.edu) and your section TA an email stating the following:

   I (STATE NAME), have read and understand the policies on cheating and ethics described on the CMPSC3111-F13 course website provided by Professor McDaniel. I agree to adhere to these policies and will accept the punishment of dismissal from the class with an ‘F’ grade for any action that is in violation of the specifics or spirit of the policies.

2. You will be required to create and maintain a virtual machine for this course on a personal laptop or computer. Please send your course TA (*IN A SEPARATE EMAIL FROM ABOVE*) the following information:

   • The OS version of your computer (OSX, Windows, or Linux).
   • Your PSU email (not the CSE account).
   • Your webpage (if you have one).
